I was referred here by Complete Chiropractic, following an accident. This began a relationship that has continued weekly for the past year! I have received massage therapy from both Tammy and Danny - both great therapists! I recommend this place to my friends and visitors. Tammy is the owner, and she is fantastic. I have had lots of massage over the years, and Tammy and her crew count as one of the best. I really like that she doesn't use gobs of oil. She gives deep therapeutic massages, and uses just enough oil to be comfortable. Afterwards, I don't feel disgustingly greasy - I can go to lunch or run errands without feeling like I look too scary.. Tammy is very well informed about non-traditional methods of health maintenance, and offers Chinese herbs and acupuncture at her clinic as well as facials. I recommend her spa VERY much! I have had nothing but awesome massage therapy and great front desk service here.

4/19/2011 Fabulous massage...

a wonderful Hawaiian stress buster. I ended up getting a massage several times during my visit. Each massage was as good as the last.

the staff was friendly and inviting.. remember my last visit and always gave a warm Aloha welcome.

I had gone to several other places prior to finding Tammys Wellness Center I was almost resigned to never getting a nice massage on my vacations to Maui.

This is a little heaven on Maui.

2/21/2011 I just returned from a 2 week stay in Maui. While there, I was having a difficult time coping with the loss of my husband and other family members in a very short period of time. My daughter suggested I get a massage and as I had seen your sign on my morning walk I made an appointment. You assigned me to Danny Cunningham who did a Lomi Lomi massage. I want to thank you for having such an incredible massage therapist on your staff. He is a true healer. He was extremely professional and it is difficult to describe how much better I felt after that massage. I came in several more times during my stay and each time came away feeling he had taken so much sorrow and pain that I had been dragging around with me. I want to compliment you on having a therapist of this caliber on your staff. I am looking forward to coming back when I return in a few months and booking with Danny again. Please express my deep appreciation to him.

12/31/2010 Went here for the 60 minute lomi-lomi massage to end my Maui vacation. It was great! Highly recommended!

"Great Massage"

I had a great massage at this facility. The employees were pleasant and the premises was clean. The massage therapist, Kate, was wonderful. She specifically asked about the pressure I liked and got it the first time. There are four or five massage therapists to choose from, resumes are posted along with their pictures on the counter. If you want a massage, this is the place to go

*4/17/2010* Tammy is the best, after going to her I am now spoiled with her great massage.

"Great place for Massage on Maui!!"

Reviewed December 5, 2008

In search of some time to myself as well as a great massage to make my vacation complete, I began walking from my condo in search of a spa of some sort. I was directed by several people to West Maui Wellness Center. I walked in to a clean, cool, welcoming center. Even without having made a prior appointment, they were able to get me in immediately for one of the best massages I've had. My therapists name was Tammi, and she was amazing. I'm a massage therapist myself, so my taste is a bit picky with bodywork.

Their retail section was tempting, and full of exotic balms, muscle rubs, and essential oils. I was in

heaven!

It is also just around the corner from a wonderful little Farmers Market and a coffee shop. A one-stop shop for sure!
